**THE HYBRID
PAN FOR
ULTIMATE COOKING
PLEASURE**

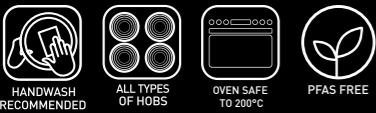

Cosy&Trendy's HexaPro collection harnesses advanced hybrid technology to deliver the best of both stainless steel and non-stick cooking. An etched, raised stainless-steel pattern safeguards the PFAS-free ceramic coating, so food browns and slides with ease while the pan's surface remains virtually unscratched. Featuring a three-layer construction - stainless steel 430 for induction-readiness, an aluminum core for rapid heat distribution, and 304 stainless steel for a solid interior - HexaPro pans heat quickly and evenly, making them a dream for everything from succulent steaks to crisp veggies.

Oven-safe up to 200°C and available in diameters of 20, 24, 28 cm plus a 28 cm wok, these pans adapt to any culinary challenge. Riveted stainless-steel handles ensure a firm grip, while the robust design endures metal utensils (just steer clear of knives!).

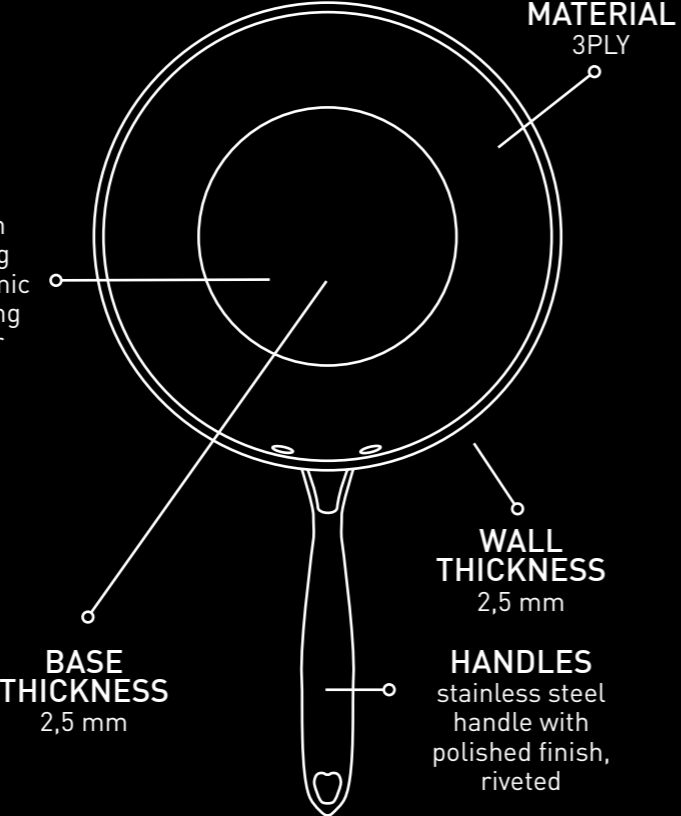

Elevate your kitchen routine with HexaPro: a fusion of durability and convenience.
