

D'NIM

SOFT COMFORT WITH A JEANS LOOK

Bring some cool denim style to your kitchen with D'nim: the textile collection that looks like your favourite jeans but feels like soft, breathable cotton. Made from a smart blend of cotton and polyester for extra durability, less creasing and faster drying time. With signature yellow stitching, handy hanging loops and a robust look, you'll add character and comfort to your kitchen.

SMART FIBRE BLEND

D'nim combines cotton with polyester - and you can feel it. The textile is hard-wearing, dries faster and retains its shape and colour longer. Thanks to this fibre mix, the kitchen textiles are less prone to creasing and hardly shrink at all during washing. Ideal for those who often cook and wash, but do not always want to iron.

FUNCTIONAL TO THE LAST DETAIL

D'nim is designed for everyday use. With handy hanging loops, spacious pockets and thoughtful finishes. From oven mitt to apron, each piece exudes robust simplicity with a stylish twist. Ideal for those who love cooking with flair and comfort.

DURABLE DENIM

The sturdy cotton quality and strong finish ensure the textiles stay beautiful for a long time, even with frequent washing and use. Everything is machine washable, tumble dryer safe and easy to iron. The chambray weave and yellow stitching give the textile its typical jeans look.
