

ECODURA

SUSTAINABLE COOKING IN STYLE

Meet the Ecodura pan range: responsible, sustainable and pleasing to the eye! Produced in Italy, the pans combine elegant design with eco-friendly production. Forged from 100% recycled aluminium, they guarantee fast and even heating. The PFAS-free Greblon ceramic non-stick coating ensures worry-free cooking and easy cleaning. The elegant, sandblasted handles perfectly match the matte black pans and give the range a timeless look. Thanks to their robust impact rim, the pans withstand intensive daily use and remain beautiful for years. Suitable for all fires and oven. Hand wash recommended for longer life.

ECOLOGICAL AND PFAS-FREE

Ecodura pans are designed with the environment in mind. Made in the EU from recycled aluminium with a Greblon ceramic non-stick finish, these pans offer a sustainable cooking solution without harmful PFAS substances. This makes them a responsible choice for those who want to cook ecologically without compromising on quality.

DURABILITY FOR DAILY USE

Ecodura pans are made to last, with a robust construction that can withstand daily use. The impact rim provides extra protection, allowing the pans to retain their shape and function even during heavy use. Ecodura pans are ideal for cooks looking for elegant pans, but also value durability and reliability in the kitchen.

VERSATILE RANGE

The Ecodura pan series offers a wide range, including a handy fish frying pan with two handles on the sides. This practical addition makes it easy to slide the pan into the oven and saves extra space in your cupboard. Ecodura offers everything you need for a complete, versatile cooking experience.
