

NIMBUS

ELEGANCE WITH A CLOUD OF ENCHANTMENT

The Nimbus tableware brings a soft, airy elegance to your table. Made of very high-quality porcelain, the tableware has a white exterior that contrasts beautifully with the dark blue interior. Thanks to the reactive glazing, it creates an enchanting play of light speckles and deepening shades of blue, which concentrate like a whirlpool towards the centre of each plate or bowl. This set of plates and bowls makes an impressive statement with its refined simplicity.

SUBTLE SHAPES, BIG IMPACT

The elegant and irregular, slightly triangular shapes of the Nimbus tableware create an original look on the table. The unique design adds a modern and artistic touch to every meal, while the soft relief provides an extra dimension with every touch.

REFINED COLOUR CONTRASTS

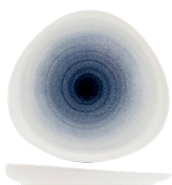

The beautiful blue tones on the inside of the bowls and plates create a striking contrast to the white outside, making dishes extra beautifully presented. The spiral colour deepening and tactile relief add to the elegant look of this dinner service.

STYLISH PRESENTATIONS

Nimbus is a limited series, but the tableware offers versatile options for presenting sophisticated dishes. From small appetisers to exquisite desserts, the unique shapes and colours make every meal a special experience.
